DR. REXTON F. CHAKAS
MPSPC President
Bontoc, Mountain Province

SIR:

Greetings!

The Municipal Disaster Risk Reduction and Management Council (MDRRMC) and the Provincial Health Emergency System (HEMS) as coordinated by the Sabangan Municipal PNP will be conducting a 2 days training on Basic Life Support, bandaging, packing and transport of the sick and the injured at the Saint Joseph Church Hall on August 1 -2, 2014.

Relative to this may we request MR. JOSEPH M. BRILLANTES as one of the training facilitator of the above training.

Thank you very much.

Very truly yours,

ANNIE CLAIRE B. PEKAS MD., FPCS
Provincial HEMS Coordinator

Bontoc, Mountain Province

COMPLETION REPORT

Name: JOSEPH M. BRILLANTES

Dates: AUGUST 1-2, 2014

Program/Projects/Activity/Title:

BARANGAY PEACEKEEPING and ACTION TEAM and BASIC LIFE SUPPORT TRAINING.

Venue: SAINT MARY'S PURIFICATION CHURCH, SABANGAN, MOUNTAIN PROVINCE

Results/Action taken:

The training on Basic Life Support was sponsored by the Philippine National Police of Sabangan through Chief of Police Soliven and Gaspar Tafaleng. The PNP requested the Provincial Health Emergency Response Team or ER 26 of Mountain Province to be the training facilitator for the Basic Life Support of Barangay Pingad. The ER 26 secretariat forwarded text to all available ER 26 members as a lecturer and trainer on August 1-2, 2014 which I only joined on the second day that is Saturday.

On August 1, 2014 the PNP started the activity on police matters and followed by demonstration on how to use elastic and triangular bandage on trauma patient and burns by EMT Sir Ador Tacut and followed by return demonstration of participants.

On August 2, 2014 we were fetched by the PNP Police Car of Sabangan and the lecture and demonstration started on Module 1 (Principle of Emergency Care), Module 3 (Cardiopulmonary Resuscitation) and Module 4 (Foreign Body Airway Management) which was finished at exactly 12:39 noon. After lunch, that is exactly 1:15pm we started with the return demonstration of participants. The ER 26 "DAGEM" batch of EMT also performed how to do splinting, packing and transfer of patient.

At about 6:39 pm the most awaited part of the program was giving of impression by participants per group and followed by message of the COP Soliven, the DRRMO of Sabangan and by Mayor Danglose of Sabangan. The participants expressed their thanks and appreciation to the training. HOME SWEET HOME to Bontoc.

Prepared and submitted by:

JOSEPH M. BRILLANTES
School Nurse/BERT member/Rescue 26 member
