Mountain Province State Polytechnic College

Bontoc, Mountain Province

TERMINAL REPORT

Activity Title: Disaster Risk Reduction on Climate Change Impacts on Vulnerable Farms in Mountain Province

Extension Component	: Community involvement/outreach activities
Extension Program	: Continuing Education for Professionals
Cooperating Agency	: Sadanga LGU, BLGU Anabel and DOST
Implementing Department	: MPSPC RDE Sector
Actual No. of Participants	: 28 Participants (Farmer Cooperators, Safe Project team, LGU partners, DOST Representative)
Actual Venue	: Brgy. Clinic, Anabel Sadanga
Actual Date of Implementation	: March 9; May 4, 2018
No. of Activity Days	: 2 days
Source of Fund	: SAFE Project Fund (Training Expenses)
Total budget Requirement	: PhP. 24, 850

Executive Summary

The SAFE Project being implemented by the College is now on its 3rd quarter of implementation. Interventions like seminars and trainings is being conducted on the first year of implementation of the project based on the identified training needs of the farmer cooperators. This is to help empower them on how to respond to the effect of climate change through skills and knowledge enhancement related to their identified needs on the effect of climate change.

Our accomplishment for this two days training is as follows. First the Safe Project team travelled to Anabel, Sadanga at 7:30am on March 9, 2018 and we arrived at around 9:30am. Upon arrival we are immediately welcomed by the farmer cooperators. We then installed the equipment needed at the venue and after a minute we took our morning snacks. At around 10:30 am we start immediately the training proper. We started with a prayer followed by the project leader who rendered a welcome remarks to the participants.

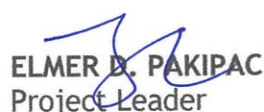

The resource speakers for our morning session consecutively gave their lectures one after the other. Questions were entertained every after the resource speakers gave their lecture. We had our lunch break at 12pm and we resume the training on the afternoon at around 1:30pm. The remaining two speakers on the afternoon lectured on their respective topics, afterwards questions were entertained and then we partake our afternoon snacks. The dinner were served to the project team then we travelled back to Bontoc.

On the second day of the training it was conducted on May 4, 2018 the reason for postponement of the second day is because we had considered the availability of the farmer cooperators and LGU partners. Until then, we tried to agree for final date fortunately the training was conducted on the said date. We traveled from Bontoc to Anabel at 8:00am to 9:00am. On this second day of training, lecture and demonstration was done at demo field area for the farmer cooperators to enhance their knowledge on the adaption of technology. The snacks was served at 10:30 am and we took our lunch at 12:30pm. Afternoon snacks was also served at around three in the afternoon. Lastly, after the activity we packed our things, took our meals then travelled home. The activity was successful considering that our objectives were attained.
