NARRATIVE REPORT Day II- January 09, 2016 Tadian Central School

There were eight members of our group who attended the outreach activity on this day. At about 7:30 in the morning, all of the members of our groupwere already there at the said venue- Tadian Central School. We started our activity at exactly 8:00 in the morning. Gladly, we have fourteen clients for the whole day. We started the activity as it is stated on our activity design. We had our prayer, grooming, a little bit exercise and the recapitulation of past topics. After these, we already started our main topic for this day, which are the basic chords of guitar. At exactly 9:00 A.M., Mrs. Estrella Bascoour LTS Instructor arrived at the said venue. She discussed about the Anti-Bullying Act. She left us at exactly 10:00 A.M. we also asked their reactions as well as, we also asked them some questions about the topic discussed. Then we had our snack.

After it, we continued the discussion and the application on basic guitar chords. We ended our activity at 11:00. During the P.P. session, our clients said that they want to learn some dance steps. So, we have to be flexible in our schedule. We divided our clients into three groups just as what they wanted. Five students for guitar, another five for dance and we also distributed ourselves to facilitate each group.

At exactly 3:30, we had our evaluation of what we have done for the day. The students were so happy of their accomplishments. We left the venue at exactly 4:00 P.M.

NARRATIVE REPORT Day 3- January 16, 2016 Tadian Central School

On the third meeting, as planned by the LTS workers, these days's activity would focus on the combination of music and arts. After an exercise leaded by the LTS workers, there is a short lecture on "Guitar, Drum and Dance as arts" by Lenie and Veronica. We group the class according to their interest; guitar, drum, and modern dance. Guitar tutorial is guided by Arias and Hazel, drums by Charlone and Ramil and modern dance by Lace and Gelly. We spend three and a half hour for the workshop and on the afternoon session, each participant perform what he/she learned on the stage, all the facilitators are the judges. The dance troop dance with the song "dessert" and the rest are of musical instruments. As usual, before ending the meeting, a short review on the day's activity was done.

NARRATIVE REPORT Day IV- January 23, 2016 Tadian Central School

There were eight (8) members of our group who attended the outreach activity on this day. Six members of the group arrived at the said venue (Tadian Central School) at exactly 7:30 in the morning. Two members are able due to some problem in dealing with the instruments that is needed in the activity. Though they are a little bit late, we still started the activity at exactly 8:00 a.m. The first thing we did is that, we have our prayer; grooming; attendance checking of both our clients and we, the implementing group of students; a sort of some motivation for our clients. Some of our group had their presentations such as; they sing a song with accompaniment. Then, we have our recapitulation of the past topics and activities. On the last day of our outreach activity, we let our clients presented all of what they have practiced on the past meetings; their songs and their dance steps. But before that, we gave them first an enough time for them to practice. We let them make cards on their own designs. Those cards also contain messages dedicated to whom they gave those cards. We also let them draw with the theme of, "the beauties of nature." And here comes the reflection on our whole outreach activity. Each and every one of them gave their own stand for the said activity. After this, is the evaluation of the implementing group of students. And lastly is the thanksgiving and farewell talk from us.

II. RATIONALE:

As education students of MPSPC-LTS (Literacy Training Students), the implementation of this project, Music and Arts Training, is a partial fulfillment of our project in NSTP-LTS (Literacy Training Service). We hope to impart to or learners our knowledge, skills, talents, and researched ideas on Music and Arts. We may be able to teach them on how to play musical instruments, dances, and help the learners to educe their hidden talents. On the other hand, we, future mentors, at least experience our dreamed profession in the future-that is to become full-pledged teachers.

Nowadays, Music and Arts are the most wanted categories in all events. Music and Arts will not only develop and hone musical crafts and dance techniques but will also develop essential life-long learning skills for success beyond the competition of the said project.

The importance of Music and Arts were detailed on the program that was declared by the Music and Arts education in Philippine Primary and Secondary Schools.

III. OBJECTIVES:

- A. General Objective:
 - To conduct training-workshops on Music and Arts.
 - Educe the talents and skills of the learners in the field of Music and Arts.
- B. Specific Objectives: at the end of the activity, the learners shall be able to:
 - Remember some principles and important concepts on Music and Arts.
 - Play some musical instruments.
 - Present some songs and dances they have learned.
 - Make some artistic articles.
 - Improve their lives, their school and community through music and Arts.
 - Enjoy the different activities with the volunteer workers/LTS students.

IV. EXPECTED OUTPUT:

 Learners will be able to create and perform a simple yet, well-organized sample of Music and Arts' pieces.

V. METHODOLOGY:

- Start the activity by group meeting for any suggestions or plan about the said activity.
- Visit the venue for the presentation of the project proposal to the school principal of TCS (Tadian Central School).
- Group meeting will be conducted together with the school principal for the final plan of the said project.
- Group meeting will be conducted with regards to the expenses, needed materials, and the schedule to be set.
- Presentation of the project design to the concerned staffs of the school for the approval of the project.
- Monitoring and evaluation.
- Accomplishments of the portfolio as a summary of the tasks done by the group.
- Presentation of the project outcome to the staffs concerned and to the LTS class.

The Literacy Training Service (LTS) of Mountain Province State Polytechnic College (MPSPC) - Tadian Campus would like to conduct a Conneunity Catreach in your School/Barangay this Second Semester, School Year 2015-2016, for at least thirty two (32) hours, to be done during non-school days at field time the voluntary student workers will be available, in consultation with your good Office. Attached is a photocopy of their Activity Design for your reference and information.

This community outreach activity is an application of what they know/have learned. It also aims to share with the people in your school/community certain beneficial "what and how-to-do-it" technologies and lessons you will voluntarily teach them and which you want them to share or teach to the teamers/clients. Please be informed that the voluntear workers are freshmen, wanting to help in any literacy and numeracy service in their respective capacities, with your guidance.

Should you accept and allow them to implement this activity in your School/ Barangay, we shall be glad to know by signing your acceptance to this extension service.

Very truly yours.

NARRATIVE REPORT Day 1-December 12, 2015 Tadian Central School

On the first meeting with the 17 Grade 5 students, we started the activity with a short introduction on the objective and the plans for the activity. We, the LTS workers introduce our background of music and arts conducted by Lenie followed by veronica on the significance on music an arts and their relationship. Next, Hazel and Gelly teach a Christian song "Lead Me To The Cross" which we agreed to be our morning prayer for the following meetings. We divided the class into three groups which has three facilitators each. Each group shall perform anything with regards to music. We spend the rest of the morning session for the practice and another one hour on the afternoon session. During the presentation, the non performer will judge those who are performing in search for the winner and the best. The first group assisted by Gelly, Ramil and Hazel sing the song "prin" with matching slow actions. Group two, on the other hand, with the help of Charlone, Christian and Lace, they sing the current popular song, "When You Say Nothing At All" and likewise to the first group, they do actions and was chosen as the best performer. Lastly, the group of Veronica and Lenie sing a very inspiring song for children, the "Proud of You". After the announcing of winner, there is a recapitulation of the day's activity. Our first day ended up with thanksgiving prayer.
