The Gender and Development Office in partnership with the Criminology Department and in coordination with Barangay Samoki, concluded the Celebration of the 2021 Women’s Month through an extension seminar entitled, “Women in Leadership, Achieving an Equal Future in the Barangay in a COVID-19 World” on March 29-30, 2021 at the Casa Susana, Samoki, Bontoc, Mountain Province.

The activity was conducted to emphasize that women from all walks of life have in their own way shown leadership and compassion in the delivery of inclusive, innovative, and effective responses to the pandemic. The objectives of the activity were to inform and engage women of Barangay Samoki and make “change” work for them in this time of pandemic, and inspire and empower women and girls to be agents of change – to contribute in promoting gender equality and the empowerment of all women. The activity was originally scheduled on March 18-19, 2021. However, due to unforeseen circumstances such as the Campus Lockdown and imposed restrictions, the seminar was postponed and was finally conducted on March 29-30, 2021. 35 participants composed of Sangguniang Kabataan Officials, Barangay Officials, Barangay Midwife, Barangay Health Workers, Day Care Workers, representatives from Non-Government Organizations, and Samoki Youths attended the said activity.

For the first day of the seminar, Updates on Women Services in the Barangay Rural Health Unit was presented by Ms. Pascuala L. Fantiyao, the Barangay Midwife of Samoki. Ms. Dixty L. Caranto, the MPSPC Gender and Development Focal Person also lectured on Women Empowerment and Women in Leadership. On the second day, Dr. Claire Kaplaan Lafadchan, a faculty member from the Criminology Department lectured on Women’s Rights. It was followed by the lecture on Policies and Laws for Women which was presented by Ms. Parline Angyap Ullalim, also a faculty member from the Criminology Department. II. RATIONALE

Women from all walks of life have in their own way shown leadership and compassion in the delivery of inclusive, innovative, and effective responses to the pandemic. In every family, every barangay, every island of the nation, and every small or big organization, we have Juanas who takes the role of solution providers, peacemakers, and trendsetters during these difficult times.

As we celebrate women's strength and resilience, we also recognize that this health crisis has its gendered impacts that we cannot neglect. With the appropriate mechanisms and absent the barriers empowerment, more women will conquer inequities and opportunities.

This year's Women's Month Celebration is different from the previous ones because it is set in the COVID-19 pandemic backdrop. With the theme, **"WE Make CHANGE Work for Women"**, the campaign posed both challenges and opportunities for women. Hence, this year's observance highlights women's participation in battling the pandemic as well as discusses gender issues exacerbated by the pandemic. It is the time to delve deep into the gender issues that emerged or become more felt during the health crisis, feature women who thrived despite the circumstances, and share support systems and government programs that address women's issues and concerns.

In addition to the activities for this campaign, the Gender and Development Unit in partnership with the Criminology Department proposes the conduct of a seminar entitled, **"Women in Leadership, Achieving an Equal Future in the Barangay in a COVID-19 World"**. This seminar celebrates women trailblazers in politics, governance, and other areas of public service and development efforts, especially during the pandemic. The participants of this seminar will be representatives from the local barangay of Samoki including Barangay Health Workers, Kagawads, Sanguniang Kabataan and other officials.
