MPSPC'S QUEST FOR UNIVERSITYHOOD PERSISTS DESPITE LOCKDOWN

Quality Assurance Office/Management Information System Unit

The College Universityhood Task Force Committee attended the 22nd regular meeting of the Commission on Higher and Technical Education (CHTE) via a zoom platform on November 18, 2020 at the Anayah's Hideaway Restaurant in Samoki, Bontoc. Leading the MPSPC committee were Dr. Rexton F. Chakas, College President and Congressman Maximo Y. Dalog Jr. who is continuing the legacy of his father and the author of RA 10583 or the law providing for the

conversion of MPSPC into a state university.

In the meeting which was presided by the CHTE Chairperson, Baguio Congressman Mark Go, the status of compliance of 21 SUCs/ LUCs with their respective requirements for conversion into university or state college was discussed. It was disclosed that MPSPC complied with all the requirements for its conversion, except for libraries and laboratories. Following this, Dr. Chakas

expressed his administration's commitment to comply and subsequently show evidence of compliance with the aforementioned requirements by the 1st quarter of 2021.

The CHED Central Office will also form a composite team to validate the findings of the CHED Cordillera Regional Office. Upon favorable recommendation from said team, the CHED en banc will declare the full operation of the Mountain Province State University.

ON THE WORKS: MPSPC conducts workshop for Foreign Language Learning Center

Resource Generation and Linkages Unit

The Mountain Province State Polytechnic College, through the Office of the Vice President for Resources Generation and Linkages (VPRGL), and in collaboration with the Teachers of English as a Second Language Association of the Philippines (TESLA, Philippines) facilitated a three-day workshop on the design and development of syllabi and curriculum for the MPSPC Foreign Language Learning Center through a Zoom platform on December 1-3, 2020.

Being the first in a series of slated workshops to set the groundworks for a fully functional foreign

foreign language center, this workshop was attended by MPSPC English language professors with Dr. Willow F. Pangket, a linguist, as the main facilitator. Dr. Pangket just recently completed a one-month Cambridge Certificate for English Language Teaching for Adults (CELTA, Australia) last September 2020 through a scholarship grant appropriated from the income of the entrepreneurial affairs of MPSPC. She was joined by Mr. Eli Natividad, Head and President of TESLA Philippines, as a resource person in this activity.

According to Dr. Venus Grace K. Fagyan, the setting up of this center is

MPSPC IREC undergoes workshop, gears up for accreditation

WHAT'S INSIDE?

MPSPC hurdles first AACUP Online Accreditation

PRFC Book Donation Drive v. 3.0 launched

“We Inclusively and Developmentally Grow as One”

Many, if not all, would agree that the year 2020 was difficult. The complications that the Covid-19 pandemic has wrought are wide-ranging. Yet, with the culmination of 2020, the various challenges may not end yet because a new, if not additional sets of tests are in place. In one Facebook post, the author argued that mental health is a looming encounter that many people will face in 2021. While this may just be one in a long list of trials, the fact remains that 2021 would be another challenging year.

In MPSPC, the new year shall usher in not only a requirement to sustain the operations of the various units amidst the paradigm shift in tertiary education, but more importantly, an obligation to be accomplished and propel the College to a higher level of status. On top of the list is the anticipated conversion of MPSPC to the Mountain Province State University (MPSU) pending the College Administration's compliance to the last set of requirements on libraries and laboratories. This pursuit, this mission, has been in the pipeline for a number of years now, and the College's and the entire Mountain Province community's longing for a premier state university is undeniable. Undoubtedly, this pursuit is a priority of the Chakas administration which is passionately and responsively working towards such goal, perhaps within the first quarter of 2021.

Still in the higher education sector is the forthcoming AACUP accreditation of various undergraduate and graduate programs for Levels 2 and 3. Well, these accreditation activities are geared towards compliance to universityhood requirements, thus, the commitment of all concerned in facing the virtual accreditation which is quite challenging, is also solicited. In relation to this, the Institutional Sustainability Assessment (ISA) is also on deck, as MPSPC needs to subject itself to this certification as an additional requirement for university status. ISA demands a long list of evidence to prove that the College primarily provides quality education within and even above the minimum requirements of CHED and its international standards.

In the general administration,

RDE, and RGL sectors, the men and women of the units under them have also to put their acts together and hurdle the new sets of challenges ahead. The ISO re-certification which was moved to 2021 because of the pandemic is primed; the dissemination and transfer of completed research studies into new technology is anticipated in 2021; and the sustenance of the MPSPC Internationalization Plan

anchored on cultural responsiveness and aggressive resources generation is expected despite the travel restrictions amidst the Covid-19 pandemic.

If in 2020, the famous battlecry of the Filipino nation is “We Heal as One”, in MPSPC, and soon-to-be MPSU, the emerging catchphrase for 2021 vis-à-vis the VMGT would be “We Inclusively and Developmentally Grow as One”.

MPSPC INKS MOA WITH BARANGAYS ALBAGO, CIVIC ORGANIZATIONS

Dr. Mark Preston S. Lopez

In the pursuit of the College Administration's thrusts on building meaningful and responsive linkages with the community, the Mountain Province State Polytechnic College, led by the College President, Dr. Rexton F. Chakas, signed a memorandum of agreement with barangays Alab Oriente, Alab Proper, Balili, and Gonogon and the various civic organizations in these areas on December 28, 2020 at the Administration Conference Hall.

The primary focus of the partnership was on the 2 extension programs of the Bachelor of Science in Office Administration (BSOA) titled "Key

Skills for Office Management (KSOM)" and that of the Master in Public Administration (MPA) titled "Enriching Leadership, Administrative, and Managerial Proficiency for Rural Development (ELAMP 4RD)". The MOA also covers the provision of other viable extension programs and projects by the College.

Signing the various MOAs with Dr. Chakas were the punong barangays of ALBAGO: Hon. Rudy B. Gittabao of Gonogon, Hon. Henry L. Atiwag of Balili, and Hon. Marlon Kising of Alab Oriente. The presidents of the various civic organizations

also participated in the activity: Ms. Elena B. Elwas of Egonogon organization; Ms. Rowena Boyagao of the Kalipunan ng mga Liping Pilipina, Balili chapter; Ms. Melanie Bilog of the Kalipunan ng mga Liping Pilipina, Alab Proper chapter; and Ms. Josephine B. Dapig of the Kalipunan ng mga Liping Pilipina – Ga-od SLP organization.

In his message, Dr. Chakas emphasized that it is quite ironical that the MPSPC President hails from Balili but has not provided extension services to the said areas. Through the MOA signing, the College is now able to help these barangays in various areas of endeavors.

HRMO Conducts Orientation for New Personnel

Management Information System Unit/ Human Resource Management Office

To welcome and orient the new employees of Bontoc and the Tadian campuses as members of the college and to help them be aware of the rules, regulations, processes and procedures, and the vision, mission, goals and thrusts of the College Administration, the Human Resources Management Office conducted an orientation program for the newly hired employees on November 6, 2020 at the MPSPC auditorium.

The overview of the MPSPC VMGO was presented by Mr. Dexter C. Lingbanan, Chief-of-Staff; the Organizational Structure and Concept of Public Trust was discussed by Dr. Rogelio K. Balcita, the Vice President for Administration and Finance; the government office hours, employee discipline, office decorum and dress code were tackled by Ms. Zenaida Y. Soliven, the Human Resource Management Director;

the compensation, benefits and employee welfare were presented by Ms. Irene B. del Rosario; the basic financial policies and travel expenses and honoraria were discussed by Mr. Rexton T. Damyan, Director for Accounting Services and matters pertinent to employee leaves were tackled by Ms. Noralyn B. Chumacog; gender and development Concerns by Ms. Dixty L. Caranto, OIC Director of Gender and Development Unit, and information about academic and the higher education sector were presented by Dr. Christie Lynn C. Codod, the Executive Dean of the Bontoc campus.

Important reminders such as proper wearing of uniform and adherence with the college rules and regulations were also reiterated. Furthermore, pursuant to the Republic Act 9710 known as the

Magna Carta of Women and Commission on Higher Education (CHED) Memorandum Order No. 1, Series of 2015, in which all government agencies and instrumentalities shall promote empowerment of women and pursue equal opportunities for women and men and ensue equal access to resources and to develop results and outcome, the GAD unit discussed issues related to these laws.

Newly hired personnel from both campuses underwent an orientation at the MPSPC Auditorium last November 6, 2020. Photo by MIS Unit

MPSPC JOINS UGNAY AWARD FIELD VALIDATION THROUGH VIRTUAL PLATFORM

Rolando M. Tawanna Jr. and Andione Elizabeth C. Bandoc

The annual search for the Ugnay Awardee is still on as the Philippine Council for Agriculture, Aquatic and Natural Resources Research and Development (PCCAARRD) conducted the evaluation and assessment activities for the Cordillera Consortium for Agriculture, Aquatic and Resources Research and Development (CorCAARRD) last September 7 to 8, 2020. Despite these trying times, the assessment and evaluation activity pushed through and adapted with the new normal, setting the activity in a virtual platform presentation. CorCAARRD has been a consistent contender in the search for the last three consecutive years and the consortium hopes to take this year's award

Ugnay award is anchored on the consortium's capability to identify and implement policies, strategies and activities following the principles of integration, complementation, resource sharing and linkages. This year's Executive

Evaluation Committee is composed of Dr. Patricio S. Faylon being the chairperson of the committee, and with Dr. Rafael D. Guerrero, Dr. Rogelio C. Serrano, Dr. Melvin B. Carlos, and Dr. Fezail Luz Caga-Decena as committee members.

The participating CARSUCs which are Consortium Member Institutions (CMI) of the CorCAARRD have set up the different project sites for real time site validations. There are eight projects presented for validation by the CorCAARRD, and two of which were implemented by the Mountain Province State Polytechnic College (MPSPC), namely: the Disaster Risk Reduction of Climate Change Impacts on Vulnerable Agricultural Farms in Mountain Province carried out by the MPSPC SAFE Project team led by Mr. Elmer D. Pakipac and the Sustainable Nile Tilapia Culture with Challenges Posed by Climate Change led by Dr. Epiphania

B. Magwilang. Mr. Elmer D. Pakipac led the on-site validation of the SAFE Project in Monamon Sur, Bauko, Mountain Province last September 7, 2020. The team set up the equipment and materials in Monamon Sur, Bauko for the on-site and real time validation and the showcasing of actual site and technological interventions used on the previously completed AANR projects during the virtual interview and field validation for Ugnay Award. Bauko Municipal Agriculture Officer, Carolyn B. Wandalen; Barangay Monamon Sur captain and representative, Robert Pakipac and Benito Kimao; as well as Barangay Monamon Sur Farmer Leaders, Basilio Ballo and Waren Omnas were present to participate in the said activity and shared personal testimonies and knowledge on the project. Mr. Alfonso K. Berto, the Provincial Science Director also joined the virtual interview and field validation using another server. Although problems with internet connection brought about

MPSPC EXTENSION PROGRAM IMPLEMENTS AGENDA AMIDST THE PANDEMIC

Dr. Mark Preston S. Lopez

Pandemic restrictions do not restrain MPSPC from its desire to offer its expertise to its partner schools in the Vicariate of Mountain Province. The Teacher Education Department, in collaboration with the Extension unit, the Information Technology Department and the Management Information System (MIS) unit, provided a 3-day training-workshop to 35 teachers from the various schools of the Vicariate Schools of Mountain Province in September 2020. This extension program was crafted based on the meeting conducted with the school principals of the SVS elementary and high school departments who clamored for the need for a capacity-building on developing instructional videos for the teachers of the five schools under the vicariate under the new normal in K-12 education.

The activity commenced with an opening program graced by Dr. Rexton F. Chakas, MPSPC President, and Rev. Fr. Allen C. Basilio, Schools Director of VSMP. Following the program, lectures on the theoretical underpinnings of education technology by Dr. Susan A. Lopez and on the practical tips in designing instructional videos using a computer software called power director application by Ms. Valerie L. Taguba

and Ms. Jerico Limog were undertaken. A series of workshops ensued after the lectures in which the participants were provided opportunities to develop instructional videos using the software presented to them.

On the last day of the activity, selected participants from the various schools presented their outputs. A panel of evaluators – Dr. Mark Preston S. Lopez, Dr. Rhoda B. Galangco, Dr. Susan A. Lopez, Dr. Annie Grail F. Ekid, Ms. Derine D. Aguid, and Mr. Jerico F. Limog – provided feedbacks and recommendations to the presentors. Overall, the instructional videos developed by the participants were representative of the knowledge and skills that they acquired during the workshop. However, a series of mentoring and follow-up activities were tackled in order to sustain the good practices that were demonstrated by the teachers.

Three videos were also adjudged as the best videos across three categories in which their developers were given cash incentives. The awardees were: Mr. Kevin Malicdan of the Bauko Catholic School for teachers with advanced knowledge in developing instructional videos; Mr. Winfred Felimon of the San Alfonso High School in Sabangan for the

best pedagogical presentation and Ms. Prisca Lengwa of SVS for best technical presentation under the novice category.

The 3-day activity is part of the provisions in the Memorandum of Agreement signed by MPSPC and the Vicariate Schools of Mountain Province for extension programs.

MPSPC ACQUIRES FORAGE CHOPPER THROUGH DA

Research Development Unit and Extension/Management Information System Unit

The Research & Development and Extension Unit recently received one unit of a forage chopper from the Department of Agriculture. The said equipment, which will be utilized for research and development purposes by the Dairy Project of the College, was turned-over by Mr. Rodelio Bagawi, the Provincial Veterinarian, to Dr. Epiphania Magwilang, Director for Research and Mr. Joel C. Faroden, Dairy Project Leader on July 22, 2020.

The College is one of the four recipients of the forage choppers provided through the initiative of Governor Bonifacio Lacwasan Jr. as the Provincial Local Government Unit's support to small dairy producers in the province.

The three other beneficiaries include: the Pospos Farm in Bontoc, Masferee Dairy Farm in Sagada and the Municipal Local Government Unit of Bauko.

MPSPC was qualified as a recipient of the forage chopper because of its existing Dairy Project. It is also an initiative of the DA in support of the four cattle that they provided Cattle Dispersal Program last June 2019.

In his message, Dr. Rodelio Bagawi advised the beneficiaries to maximize the use of the forage choppers by preserving and storing grass feeds to their cattle in preparation for the summer season when there is a low supply of grass.

MPSPC FORGES MOA WITH DOLE

Management Information System Unit

The Mountain Province State Polytechnic College headed by the College President, Dr. Rexton F. Chakas and the Department of Labor and Employment headed by DOLE Regional Director, Mr. Exequiel Ronie A. Guzman and DOLE Provincial Director, Mr. Apollo R. Luspian forged a Memorandum of Agreement which formalizes the partnership of both parties at the MPSPC Administration Conference Hall on October 28, 2020.

"SUCs should come out developing responsive curricula that addresses the needs of the community. Collaboration with specialized agencies

more proactive role in investing for the college and the community", Dr. Chakas stressed on his message. He also reiterated the aggressive pitch for linkages ensuring the academe to be responsive to the needs of the industry sector.

Mr. Guzman responded by emphasizing the role of the DOLE in ensuring a productive workforce for the country. "With so many good programs of the agency, I admit that we cannot do it alone but to tap SUCs like MPSPC to ensure the effective and productive implementation of our programs. We believe in the capacities of SUCs in delivering their expert services", he added. He ended his

message by hoping that the collaboration of MPSPC and DOLE would be successful.

Present in the said MOA signing were Dr. Rogelio K. Balcita Jr., Vice President for Administration and Finance, Dr. Emily Ann B. Marrero, Vice President for Academic Affairs, Dr. Annie Grail F. Ekid, Vice President for Research Development and Extension, and Dr. Venus Grace K. Fagyan, Vice President for Resource Generation and Linkages. Also present were Dr. Geraldine L. Madjaco, Dean for Graduate School, Mr. Elmer D. Pakipac, Director for Extension Services, Dr. Epiphania Magwilang, Director for Research, Dr. Darwin Philip C. Alera, Chairperson of the BSBA Department and DOLE and MPSPC staff.

MPSPC prexy appoints and promotes personnel

Management Information System Unit

Five personnel of the College were conferred permanent positions effective August 2020 and took their oath of office administered by the College President, Dr. Rexton F. Chakas in his office.

Mr. Vincent S. Aluyen of the Resources Generation and Linkages Unit, and Ms. Shani Rebecca M. Kumalao were appointed Administrative Aide III effective July 16, 2020. Ms. Dixty L. Caranto of the Planning unit was also appointed Administrative Aide III which became effective on September 1, 2020.

Meanwhile, Ms. Arlyn B. Aliping and Ms. Cherry Ann B. Chagyowen of the College of Nursing, were appointed to permanent Instructor I effective August 13 and August 3, 2020 respectively. Ms. Rhufa B. Baguiwen of the Liberal Arts Department was also appointed to permanent Instructor I position effective August 3, 2020.

Because of the increase of enrolment for AY 2020-2021, the College hired 72 emergency instructors and 74 part-time faculty members to teach various courses for the 1st semester via a blended modular approach.

The Teacher Education Department, IT Department and the Management Information System conducted a collaborative workshop for the Vicariate Schools of Mountain Province on developing instructional videos.

from page 1

BS Information Technology – 141; BS Nursing – 496; Teacher Education programs – 689; and School of Advanced Education (Graduate School) – 222. Meanwhile, the Tadian campus, including the Paracelis extension has a total student population of 975 broken down as follows: Teacher Education

programs – 285; BS Civil Engineering – 304; BS Electrical Engineering – 59; BS Geodetic Engineering – 26; BS Agro-Forestry – 36; BS Forestry – 66; Bachelor of Agricultural Technology – 135; BS Agribusiness – 19; BS Environmental Science – 28; and 9 – BS Entrepreneurship.

Into the commitment of MPSPCians' Service Awardees: MPSPC lauds its retirees

The Mountain Province State Polytechnic College honored five retirees for their unmeasurable and dedicated service to the College through a fitting ceremony last September 28, 2020 at the College Auditorium. Two employees from the Bontoc and the Tadian campuses who retired in 2019 were supposed to be given a tribute during the 2020 Foundation Day but the activity did not take place because of the restrictions brought about by the Covid-19 pandemic. Hence, they were included in the recognition program of the other retirees in 2020 retirees. The following MPSPC retirees were honored during the said event, to wit:

Mr. Romeo Rosendo Atos

Sir Atos was employed in the institution from September 1994 and was assigned at the General Services Office in the Tadian campus. He held the item Utility Worker I from September 19, 1994 to September 30, 1995. He was promoted to Administrative Aide III until his retirement on September 21, 2019. In total, he rendered 25 years of service in MPSPC.

Ms. Jennette Fang-asan Faniswa

Ma'am Faniswa was hired in this institution as an Instructor I on October 19, 1992. During her stay in the college, she became the Chairperson of Secretarial Department from June 1, 1996 to April 30, 1999 and the Chairperson of Bachelor of Science in Office Administration from May 1, 1999 to March 31, 2000. She then became a full-time instructor at the Liberal Arts Department until she retired as an Assistant Professor IV last July 31, 2019. She served 26 years in the college.

Mr. Allen Amatic Patingan

He applied in MPSPC in 1991 and was hired as a part time faculty member in the college from July 15, 1991 to May 30, 1992. He was absorbed as Instructor I holding a temporary status from June 8, 1992 to July 30, 1994. He later became a permanent instructor on August 1, 1994 after finishing his master's degree. Aside from teaching, he held various designations, such as Acting Chairperson for Teacher Education Department from July 1, 2003 to October 31, 2003; Graduate School Dean from May 15, 2013 to July 31, 2014; and as Chairperson of the Liberal Arts Department from March 2, 2015 to December 31, 2017. He retired as an Associate Professor II serving a total of 27 years and 7 months.

Daniela Peckley Chumacog

Ma'am Chumacog was hired as an Instructor I in September 13, 1993. While serving the college, she was given designations such as Chairperson of the Commerce and Accountancy Department from September 6, 1994 to April 30, 1996; Director of Student Affairs from April 1, 2000 to May 31, 2005; Chairperson of the Liberal Arts Department from May 15, 2013 to July 31, 2014 and Campus Coordinator for Extension from August 24, 2018 to December 2018. She retired on September 26, 2020 as Associate Professor II. She served the institution for 26 years.

Pilar Lacmaan Palangyos

Ma'am Palangyos was hired as a Science Research Analyst for the college on January 8, 1996 to May 31, 2012. She then became a permanent instructor from June 1, 2012 to March 15, 2015 under the College of Agriculture and Forestry; she was promoted to Assistant Professor II from March 16, 2015 to June 30, 2019; and Associate Professor from July 1, 2019 to May 16, 2020.

She retired on May 17, 2020 as an Associate Professor I. She served the college for 24 years. Ma'am Palangyos was given a tribute in June 2020 at the Tadian campus.

MPSPC honors service awardees, conferred a special citation by CSC

Management Information System Unit

In recognition of the years of service rendered by the institution's personnel under the Program on Awards and Incentives for Service Excellence (PRAISE), the Mountain Province State Polytechnic College conferred service awards to the faculty members and the non-teaching personnel in fitting ceremonies on October 12, 2020. A total of 24 personnel who served the College for 10, 15, 20, and 25 years were awarded their certificates and tokens by the College President, Dr. Rexton F. Chakas at the College auditorium.

The 10-year service awardees were Ms. Julie Y. Lumsit and Ms. Mary D. Toyokan; 15-year service awardees were Ms. Elisa P. Cadpa, Ms. Virginia C. Kilito and Dr. Epiphania B. Magwilang. The 20-year service awardees were Ms. Genevieve B. Claudio, Mr. Cleto P. Dalmacio, Mr. Gerald Francis F. Diohen, Dr. Annie Grail F. Ekid, Dr. Gina L. Lacaben, Mr. Ben Jr. S. Marrero, Dr. Genevieve L. Sagandoy and Mr. Christian C. Sumeg-ang. The 25-year service awardees were Ms. Fely A. Akilith, Mr. Romeo R. Atos, Mr. Joseph M. Brillantes, Mr. Alken D. Calisen, Ms. Noralyn B. Chumacog, Ms. Melodave

Y. Foman-eg, Dr. Linda I. Guinabang, Brillantes, Mr. Alken D. Calisen, Ms. Noralyn B. Chumacog, Ms. Melodave Y. Foman-eg, Dr. Linda I. Guinabang, Ms. Willeen Chiara T. Lasangen, Mr. William T. Marquez, Ms. Carmen A. Ngamilot and Dr. Eduardo S. Oting.

In the same occasion, four retirees were honored for their exemplary service to MPSPC and the government. They were Mr. Romeo Rosendo Atos, Ms. Jennette Fang-asan Faniswa, Dr. Allen Anatic Patingan and Ms. Daniela Peckley

from page 1

the response to Dr. Rexton F. Chakas's challenge of completing the features of a truly global university, yet grounded on vision of MPSPC. The MPSPC Foreign Language Learning Center is envisioned to be a foreign language learning center and a language proficiency testing center for various local and international clients of MPSPC. As a learning center, it will offer five short course programs: English Introductory English for Basic Users; English Language Proficiency for Individual Advancement; English for Individual Advancement; Special Program for English Language and Literature; and TESOL for graduates. Aligned

Chumacog (see related story).

During the same occasion, the Civil Service Commission also announced that MPSPC was conferred a special citation by the Civil Service Commission - CAR for meeting the Maturity Level 2 indicators for the HR Systems and HRMO Competencies in Recruitment, Selection and Placement as a result of its determination and invaluable efforts to promote people excellence in the agency for efficient and effective public service delivery.

to the administration's HERITAGE thrusts, a unique feature of the center's language curriculum is the integration of values captured in the acronym, CARE (Culture of the Cordillera, Apprenticeship, the Resilience of the Filipinos, and Excursion Excellence.) While foreign language proficiency is an aim, culture is integrated as a core niche of its framework.

In her opening remarks during the opening program, Dr. Annie Grail F. Ekid, Vice President for RDE and an English Professor, emphasized the bearing of this workshop series on the college's internationalization program. In addition, as the capability requirements are being complied with, a simultaneous upgrading of facilities to accommodate these aims is already in progress at the Victor S. Dominguez RDE Complex at Baang, Banao, Bauko, Mountain Province.

ORIENTATION ON FY 2020 PBB GUIDELINES HELD

Management Information System Unit

As part of the mandates of the College to submit sets of reports that prescribe objective criteria and norms designed to promote quality instruction, the research and extension services and the Management Information System Unit under the Office of the President facilitated the Orientation on the Guidelines for the Grant of Fiscal Year (FY) 2020 Performance Based Bonus (PBB) on July 24, 2020 at the HM Hall, Bontoc campus

The Guidelines for the Grant of Fiscal Year (FY) 2020 Performance Based Bonus (PBB) was presented by Mr. Sean Camelon Ligligen, Coordinator for External Reports followed by the presentation of Mr. Elvin P. Rosario on the Executive Summary Report about 2018 and 2019 PBB Result. Under the FY 2018 PBB result, the following were presented: late submission of FY 2018 Annual Procurement Plan (APP) non-Career Service Examination

(CSE) was appealed but was denied by the Government Procurement Policy Board and its Technical Support Office (GPPB-TSO). The last submission for the said documents must be on January 31, 2019 but the college submitted it on May 17, 2019. In response, Dr. Rogelio K. Balcita Jr. Vice President for Administration and Finance suggested that the Secretariat for Bids and Awards Committee should be informed on the documents needed and the deadline of reports for it is the accountability of the secretariat to have a matrix of these submission. Next is the disbursement of Budget Utilization Rate (BUR) wherein it should have been accomplished to 100% yet the college only accomplished 63.73%. For this matter, Dr. Christie Lynn C. Codod, Executive Dean for Bontoc Campus suggested for a quarterly meeting and evaluation of updates. Last would be the Disbursement of Earmarked Income

that should be accomplished to 100% but then the academe accomplished only 36.60%. However, it was then said that there is no approval from the board regarding the Tuition fee which was released by the Commission on Higher Education. Furthermore, the FY 2019 PBB Status, there were two non-compliance: un-posted materials in the Transparency Seal and three Philippine Government Electronic Procurement System (PhilGEPS) output that were not posts. It was then suggested for the assignment secondary people to have the functions in absence of the concerned personnel. The targets for the FY 2020 Physical Targets were then presented by Mr. Ligligen. These guidelines and concerns were presented to enable the academe to have a common understanding and to agree on the documents that need to be accomplished and submitted on the oversight agencies.

9 MPSPC Researches qualify for Regional Research Symposium

Management Information System Unit

The MPSPC Agency In-House Review has come to a conclusion. As a result of this exercise, the Research and Development Unit disclosed that a total of nine completed research studies qualified for oral and poster presentations during the Regional Research Symposium scheduled on November 2020 via zoom or something. The following studies that were qualified for the regionals are: "Linguistically Responsive Teaching: Teachers' Practices with English Learners in Rural Elementary Classroom" by Dr. Mark Preston S. Lopez; "The Compliance of the Elected Official to the Norms of Conduct and the Satisfaction of the People on their Performance" by Dr. Rhoda B. Galangco and Mr. Oscar M. Camantiles; "Client Satisfaction Towards the Services of the National Irrigation Administration in Mountain Province" by Rolando M. Tanawa Jr., Luzlyn M. Agwilang, Laire S. Ligligen, Rochelle Ann C. Dalay-on, Ableth A. Odangga, Emmie A. Channas, Karyl A. Po-or, Timothy W. Puma-at, Elmer D. Pakipac and Dr. Annie Grail F. Ekid; "Disaster Risk Reduction of Climate Change Impacts on Vulnerable Farms in

Mountain Province", Mr. Elmer D. Pakipac, Mr. Rufino S. Piyas, Mr. Keith Jimson B. Mang-usan, Mr. Joel C. Faroden, Dr. Annie Grail F. Ekid, Mr. Alver W. Claudio and Mr. Jordan Bodadda; "Ipatatullo Kita: a Discourse Analytical Study" by Dr. Jonnelle D. Fagsao; "The Employability Study and Employers' Perception of the Skills of the Business Administration Graduates of Mountain Province State Polytechnic College" by Dr. Darwin Philip C. Alera and Christie Lynne C. Codod; "The Kankana-ey: -an Morpheme", Ms. Estrella A. Basco and Ms. Jevera C. Domogen; "Through the Eyes of Non-Medical Frontliners: Social, Political, and Economic Challenges of COVID-19" by Rexton F. Chakas, Mark Preston S. Lopez, Rhoda B. Galangco, Annie Grail F. Ekid, Susan A. Lopez, Rogelio K. Balcita Jr., Dexter C. Lingbanan and Elvin P. Rosario and; "Challenges in the Conduct of the Course Audit Subject: The Students' Perspectives", Dr. Susan A. Lopez.

Meanwhile, the RD unit also announced the winning best papers across the 3 categories:

For the Education Category, the Best paper is awarded to the "Linguistically Responsive Teaching: Teachers' Practices with English Learners in Rural Elementary Classroom", Dr. Mark Preston S. Lopez. The 2nd best paper is "The Employability Study and Employers' Perception of the Skills of the Business Administration Graduates of Mountain Province State Polytechnic College", Dr. Darwin Philip C. Alera and Christie Lynne C. Codod

For the Socio-Cultural/Socio-Economics, the Best paper is "The Compliance of the Elected Official to the Norms of Conduct and the Satisfaction of the People on their Performance" by Dr. Rhoda B. Galangco and Mr. Oscar M. Camantiles. The 2nd best paper is "The Kankana-ey: -an Morpheme", Ms. Estrella A. Basco and Ms. Jevera C. Domogen. For the AANR/S&T, the Best paper is the "Disaster Risk Reduction of Climate Change Impacts on Vulnerable Farms in Mountain Province" by Mr. Elmer D. Pakipac, Mr. Rufino S. Piyas, Mr. Keith Jimson B. Mang-usan, Mr. Joel C. Faroden, Dr. Annie Grail F. Ekid, Mr. Alver W. Claudio and Mr. Jordan Bodadda.

ENGINEERING DEPARTMENT ASSISTS IN BRIGADA ESKWELA PROGRAM OF BAUKO

Engineering Department, Tadian Campus

Volunteers from the Engineering Department of the Mountain Province State Polytechnic College participated during the Brigada Eskwela program of the Otucan-Bila National High School on September 25, 2020. The volunteers rendered electrical works during the said activity.

This annual practice of the volunteer stakeholders from the College aims to sustain the awareness of students and teachers on the urgency of problems on the lighting system of schools around the community in which the college is situated. In relation to this, the faculty volunteers checked and fixed sunk switches and electric outlets and electric fans, reinstalled starters and refitting bulbs. Reflectors and light bulbs were also cleaned during the process. Connections of circuits and wirings around the rooms and the whole school buildings were also rechecked before a circuit breaker was installed as prior recommendation from last year's visit.

After going through all the lightings of the buildings, the team recommended that the school needed to request for an assessment of the lighting system of buildings by licensed and skilled individual or groups. Such step is crucial in bringing contacts and light bulbs. The team also recommended the maintenance of the electric fans, Smart TVs and bulbs to prevent the buildup of dusts, contacts and light bulbs. The team also recommended the maintenance of the electric fans, Smart TVs and bulbs to prevent the buildup of dusts.

from page 9

In relation, four entries of the College won in the 10th Joint CorCAARD & CIERRDEC Regional Virtual Symposium held last December 2020. These are: Best poster (Social Science category) - Dr. Rexton F. Chakas et al.; Best poster (Social AANR category) - Mr. Rolando Tawanna, Jr.; 2nd Best paper (Development category) - Mr. Elmer D. Pakipac et al. and; 3rd Best poster (Social Science category) - Dr. Jonnelle D. Fagsao.

from page 4

by the unpredictable weather of Monamon Sur were encountered during the virtual interview, the team still successfully presented the important parts of the site and at the same time appreciated the presence and efforts of each member during the activity. On the other hand, the validation of the Tilapia Project was not undertaken, and Dr. Ruth Diego explained that this was because of the poor internet connectivity in the locations within Mountain Province and Ifugao. However, during the virtual presentation, Dr. Diego was able to accurately present the accomplishments of the said project.

After the validation of the various funded projects, the interview with the Regional Research Development Coordinating Council (RRDCC) members together with the Cordillera Administrative Region State Universities and Colleges (CARSUC) presidents and representatives pushed through. The Presidents of the various SUCs and their respective representatives expressed their gratitude

to the consortium for involving them in the various funded projects and likewise in giving extensive assistance through various trainings and seminars, involvement in the different R&D activities and in planning and development.

Likewise, the members of the RRDCC also gave their compliments to the consortium. Dr. Arlene Flores of Agricultural Training Institute (ATI-CAR) said that the consortium was able to address the gaps on the RDE continuum especially on the transitioning of generated knowledge from research to extension. Dr. Nancy Bantog, DOST- CAR Regional Director also mentioned that the consortium has been helpful in collaborating research activities and bridging S&T gaps among the people of CAR by bringing in various projects which mainly address the needs of the region. Dr. Faylon remarked that the consortium has been a constant contender in the last three years of the Ugnay Award and he expects to see the consortium again in the awarding ceremonies.

MPSPC Hurdles First AACCUP

Online Accreditation

Valerie Jane Taguba/MIS

The Accrediting Agency of Chartered Colleges and Universities of the Philippines (AACCUP) revisited the seven programs of Mountain Province State Polytechnic College via zoom platform at the College AVR, Nursing AVR, HM Lab, and Computer Laboratory, MPSPC Bontoc and Tadian campuses last October 19-23 and 26-30, 2020.

The Bachelor of Agricultural Technology (BAT) of Tadian campus, the Master of Arts in Science Education (MASE) and the Master of Arts in Teaching English (MATE) of the Bontoc campus were evaluated for Level III 2nd phase through a virtual survey last October 19-23, 2020. Meanwhile, the Bachelor of Elementary Education (BEED) and the Bachelor of Science in Secondary Education (BSED) of both campuses were assessed for Level 4, Phase I, also via a virtual survey revisit last October 26-30, 2020.

The 2-week-accreditation kicked off with a zoom-linked orientation hosted by the College and was participated by representatives from AACCUP, the AACCUP accreditors, College officials, internal accreditors and taskforce members. Personnel from MIS and IQA served as technical assistants. Following the orientation were the opening programs conducted via a zoom platform.

The online survey proceeded with accreditors scrutinizing documents prepared by the various task force members and which were uploaded to the College portal linked to the website. There were minimal requests for additional documents from the accreditors; except for one library accreditor, no other accreditor has requested for virtual tours of the campus facilities because most accreditors were satisfied with the video presentations created for each of the programs. Exit conferences followed thereafter.

"Temptation, I say, because the schedule of this survey made us choose between doing our modules and developing our accreditation documents. In the end, we found out that both modules and accreditation documents were very important; and we really had no choice but to do them both. I am persuaded that we will be more conscientious than ever after determining that at each survey we have, we can surmount all difficulties brought about by the pandemic. I am pleased because we will be more confident than ever in our next accreditation experience and in the whole accreditation journey of MPSPC..." Dr. Rexton F. Chakas, the College President said during his closing Remarks.

This particular online accreditation survey visit is the first of its kind that MPSPC ventured into. Thus, the learnings from this activity are significant for future similar activities.

MPSPC IREC UNDERGOES WORKSHOP, GEARS UP FOR ACCREDITATION

Research Development and Extension Office

The Institutional Research Ethics Committee (IREC) of MPSPC is gearing up for accreditation, possibly for Level 2 as per self-assessment conducted during the mentoring session with Dr. Jimmy Catanes of CHED CAR and Dr. Mayrose Quezon, Chairperson of the Research Ethics Management Board of CHDE. The RDE unit recognizes that effective human research protection system requires oversight and proper recognition of research ethics review committees. Therefore, under the initiative of the Office of the Vice President for Research Development and Extension, the mentoring and orientation on REC accreditation and critiquing of the Standard Operating Procedure (SOP) of the IREC was held last November 28 and 29, 2020 with the resource persons attending via a zoom virtual meeting.

Dr. Quezon explained the requirements of REC accreditation. Basic requirements include the operation of

the committee for at least six months and its members should have undergone the Basic Research Ethics Training (BRET) provided by the Philippine Research Ethics Review Board (PHREB). Standard operating procedures (SOPs) should also be followed in the conduct of reviews. It can be recalled that the MPSPC IREC was formed last August 2019. The committee has multidisciplinary members with different specializations, coming from different age groups and genders. Most of the committee members also have already undergone Basic Research Ethics Training.

Last February 2020, the first ethics review was conducted simultaneous with the Research Proposal Review, the technical review of submitted research proposals of researchers of the College. A set of SOPs for ethics review has already been initially crafted and was presented to Dr. Catanes and Dr. Quezon who provided comments and

recommendations for improvement. The roles of the REC, the difference between ethics reviews and technical reviews, as well as concerns of funding and ethics fees were also discussed and clarified during the session.

As of December 1, 2020, the IREC has already started incorporating the needed provisions in the SOP, and the committee agreed to appoint Dr. Arel Sia-ed as the Chairperson. Dr. June Kiblasan who resigned earlier this year, recommended the designation of two members, and proposed for the training of the members who have not yet undergone the BRET. After finalizing the SOP and other necessary requirements, the IREC will be ready for accreditation in March 2021. The IREC accreditation will help improve not only the substantive but also the procedural aspects of scientific and ethical review of research involving human participants.

PRFC BOOK DONATION DRIVE V. 3.0 LAUNCHED

Management Information System Unit

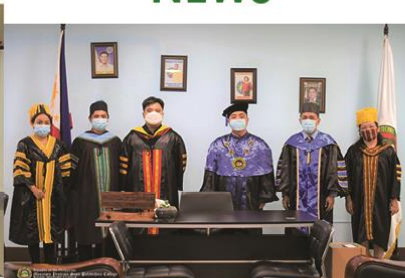

MPSPC President Dr. Rexton F. Chakas launched version 3.0 of its social action project – a book donation drive – which aimed to collect a new set of books that will be turned over to the College library at the culmination of the said activity. The launching took place during the first flag raising ceremony of the month of December 2020. Titled “PRFC Book Donation Drive: 100 Titles Towards Universityhood version 3.0”, the program is intended to contribute to the College’s compliance to one of the

requirements for a university status which is being eyed in the first quarter of 2021.

In the 2.0 version of the book donation drive launched in 2019, the project team accumulated a total of 199 titles and 254 volumes of books. These books were turned over to the library through Dr. Fely A. Akilit, Director for Libraries during the Charter Day Celebration last January 17, 2020 at the Tadian campus.

Dr. Rexton F. Chakas turned over donated books to Dr. Fely Akilit.

MPSPC HOLDS 1st VIRTUAL COMMENCEMENT EXERCISES

Management Information System Unit

“Your graduation is very significant for three reasons,” Dr. Rexton F. Chakas, MPSPC President said. “First, your graduation is done under some “abnormal” circumstances. Second, you are the first graduates to have been molded in your senior year, from our pure modular learning process and third, if the College will be converted into a university during the first semester in 2021, you will be the last to graduate under MPSPC.”

“My warmest congratulations goes to the young men and women who today will receive double recognition, firstly, as qualified degree holders for having satisfactorily completed the requirements of their respective degrees and secondly, a momentum of a virtual commencement exercise that doesn’t customarily come and more significantly, on a global order of choice. Let this humble impression be your inspiration as you charge your ways into your respective professions,” Congressman Dalog stressed.

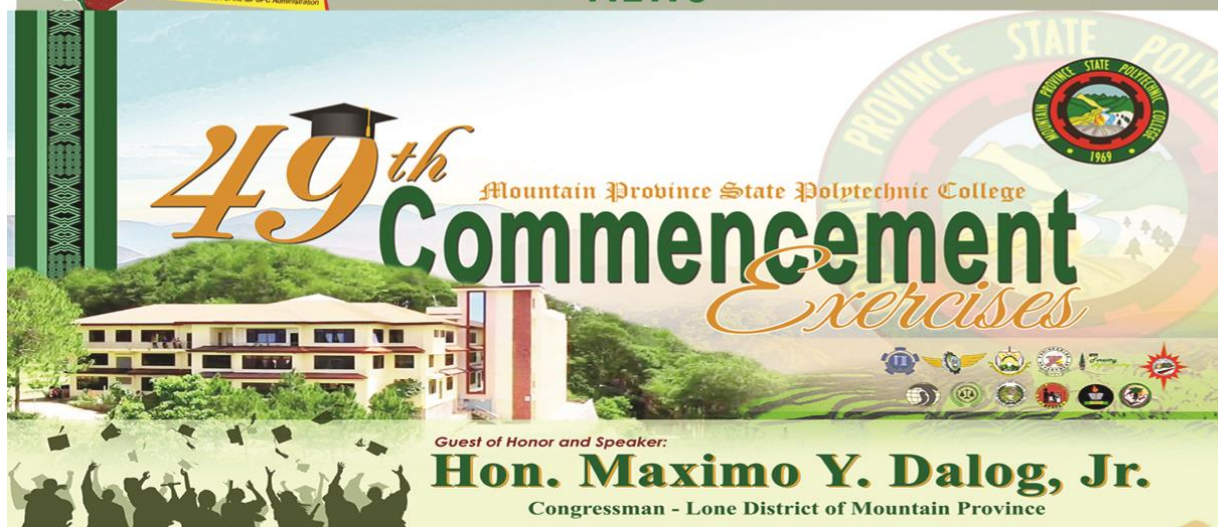

For the graduate school one candidate graduated from the

Doctor of Education (EdD) program, one from the Master in Public Administration (MPA) program, two from the Master in Business Administration (MBA) program, one from the Master of Arts in Science Education (MASE) program and eight from the Master of Arts in Education (MAED) program.

In the Bontoc campus, 420 candidates for graduation were conferred their respective degrees by the College President, Dr. Rexton F. Chakas. These graduates included: one graduate for Bachelor of Arts in Political Science, 26 for Bachelor of Science in Accountancy, 10 for Bachelor of Science in Business Administration major in Marketing Management and 29 for Financial Management majors, 141 for Bachelor of Science in Criminology, 55 for Bachelor of Elementary Education, nine for Bachelor of Secondary education major in Biological Science, 47 for major in English, 1 for major in Mathematics, nine for Physical Science and 20 for Social Studies major; eight for Bachelor of Science in Nursing, nine for Bachelor of Science in Office Administration,

six for Bachelor of Science in Hotel and Restaurant Management and 10 for Associate of Arts in Hotel and Restaurant Management.

For the Tadian campus, including the Paracelis extension, 101 candidates for graduation were conferred their respective degrees during the same occasion. The total number of graduates included: nine for Bachelor of Science in Civil Engineering, 7 for Bachelor of Science in Electrical Engineering, 4 for Bachelor of Science in Geodetic Engineering, 8 for Bachelor in Elementary Education, 19 for Bachelor of Secondary Education major in English, 2 for Biological Science major, 5 for Mathematics major, 12 for Social Studies major and one for Technology and Livelihood Education; 2 for Bachelor of Technical Teacher Education major in Automotive Technology, 9 for Food Technology major and 4 for Garments and Design, 3 for Bachelor of Science in Agroforestry and 7 for Bachelor of Science in Agricultural Technology; seven for Bachelor of Science in Agricultural Technology and two for Diploma in Agricultural Technology in the Paracelis extension.
